Quotation Enquiry.

To,

Subject: - **Quotation Enquiry for "Orthopaedic Implants" under Two Envelope system**

The undersigned invited sealed quotations for the items mentioned below/on/reverse or as per enclosed statement for the use of the MJPJAY, Govt. Medical College & Hospital, Nagpur under Two Envelope (Two Bid) system on the following terms & conditions.

Whole tender procedure is being conducted by MJPJAY office for supply of implants required for MJPJAY beneficiary patients.

- 1) The prices quoted should be free delivery to MJPJAY Store, Govt. Medical College & Hospital premises purely on patient-to-Patient basis for local dealers and F.O.R. Destination for outsiders.
- 2) Approved (L₁) Implant and its complete instrument sets should be made available by 3pm one day prior to surgery for elective cases.
- 3) Approved (L₁) Implant and its complete instrument sets should be available immediately for emergency cases under ETI
- 4) L₂, L₃ or other approved vendors should supply implant in case L₁ is not able to supply the implant. (As per Government Rule)
- 5) The Price quoted should be inclusive of all taxes, duties if payable like customs, excise, GST. The GST number should be quoted in your letter while quoting the rates. Exemption of taxes, if on A.F. Forms etc. be separately stated.
- 6) The serial number of the items should not be changed while quoting rates. You may drop the item if not interested & List should be prepared in printed copy only, otherwise it may be rejected.
- 7) Rates should be quoted strictly for the item specified in the list provided and for standard quality of goods. In case of alternate offer, the detailed specifications, name of manufacturer or make etc must invariably be stated. Specifications other than specified in the schedule may be liable for rejection even though lowest.
- 8) The quotation submitted will be valid for a period of One Year only, from the date of acceptance.
- 9) Loose packing of material will not be acceptable in any condition.
- 10) The quotation received after due date will not be accepted. The quotation should be submitted in sealed cover. Unsealed quotations, which are not properly sealed, will not be accepted. The last receiving date of the quotation is 22 Jan 2025 up to 5.00 p.m.
- 11) Material Should be supply in store (MJPJAY) & Your invoice and challan should have the certification that, the drug/material supplied under this challan & invoice are of required

Pharmacopeial standard and any defect found in future shall be sole responsibility of supplier.

12) The Dean, Govt. Medical College & Hospital, Nagpur does not pledge himself to accept the lowest or any quotations and reserves to himself right of acceptance or rejection any of quotations which does not suit to his requirements.

13) Vendor should have a Authorization certificate from the manufacturer.

14) Supply should be made from WHO GMP / FDA certified company only.

15) Please provide attested photocopies of renewed PAN No, GST/CGST/SGST, VAT, CST, Shop establishment, Drug license, Income tax returns for FY 23-24.

16) Please provide valid copy of FDA/ISO approval certificate for Vendor as well Manufacturer.

17) Please provide Metallurgy certificate of implants quoted.

18) Vendor should have enough experience and capability to supply to college/hospital of this level having such number of beds and patients load

19) Vendor should quote only for one company for each item.

20) Vendor should make provision for separate instrument and implant sets exclusively reserved only for this hospital. He should also supply additional sets if multiple patients with similar fracture are posted on same day.

21) If L1 vendor is unable to supply the implant for any reason within given time period, they should accordingly inform the office in writing. MJPJAY office has right to give order to L2 vendor. If L1 vendor does not give in writing and is also not supplying implant as per requirement then the order will be given to L2 without informing L1 vendor.

22) Supplier should only supply implants of the company quoted in tender, any discrepancy is not acceptable and punitive action will be taken accordingly

23) All supplied implant should have embossed company name and batch number on it.

24) Order of implant will be given telephonically by the doctor of orthopaedics department. Implant/sets are to be supplied one day before the date of surgery up to 3pm. No sets will be accepted after 3pm and will be considered as Deficiency of service.

25) Supplier should supply implant only for the pre-authorization approved patients. Supplier should confirm pre-authorization approval number at MJPJAY office before delivery of implant at OT.

26) In case of deficiency in Quality/service of the supplied sets, supplier will be debarred for one year after 3 complaints and supplier with second lowest rate will be selected for supply. Adequacy of quality/service will be decided by end user department in consultation with MJPJAY office.

27) Incomplete sets including implants which are short of sizes or screws or absence of important instruments will not be accepted and will be considered as deficiency in service. 3 such incidents if documented by the user department will make the vendor invalid for the given set.

28) Supplier should submit the certified copy of DM at MJPJAY office within 7 days from the date of supply. Certification of DM should only be done by the incharge of the respective unit. If supplier fails to submit the certified DM within 7 days respective order will be treated as cancelled and payment will not be processed.

LIST OF ORTHOPEDIC IMPLANT ITEMS for MJPJAY

Sr. No	Item Name	Manufacturer	Rate per unit Including GST)
--------	-----------	--------------	---------------------------------

1	Clavicle lateral end locking plate with screws		
2	Subacromial hook plate with screws		
3	Clavicle anatomical S plate with screws		
4	Proximal humerus PHILOS plate with screws.		
5	DCP 4.5 simple (Narrow /broad) with screws		
6	DCP 4.5 locking (Narrow/broad) with screws		
7	DCP 3.5 simple with screws		
8	DCP 3.5 locking with screws		
9	LCDCP 4.5 with screws (Narrow/Broad)		
10	LCDCP 3.5 with screws		
11	Distal humerus anatomical (Medial and/or lateral) locking plates with screws.		
12	Olecrenon hook plate with screws		
13	Olecrenon anatomical plate with screws		
14	2.7mm Mini plates with screws all sizes and shapes		
15	Radial head prosthesis (modular) with cement		
16	2.4/2.7mm proximal radius head and neck plate with screws		
17	Ulna and radius square nails all sizes		
18	Screw nail all sizes		
19	Distal radius volar plates , dorsal plates and column plates locking all sizes with screws		

19	Distal radius volar plates , dorsal plates and column plates locking all sizes with screws		
20	Distal radius volar plates , dorsal plates and column plates non locking all sizes with screws		
21	Reconstruction plate straight and curved with screws 3.5mm and 4.5mm locking		
22	Reconstruction plate straight and curved with screws 3.5mm and 4.5mm non locking		
23	Proximal femur anatomical plate with screws.		
24	Proximal femur hook plate with screws		
25	Trochanteric stabilization plate with DHS and screws		
26	Short PFN/TFN with 4 bolts		
27	Long PFN with 4 bolts		
28	PFNA 2 with all blades and locking bolts		
29	DHS plates all angles (short and long barrel) with DHS screw all sizes.		
30	DCS plate 95° all sizes with screws		
31	Angled blade plate with screws all sizes and angles		
32	Fixed bipolar with cement with cement gun and with cement restrictor.		
33	Austin Moore Hip prosthesis (AMP)/ THOMPSON prosthesis with bone cement and restrictor.		
34	Uncemented Indian Modular Bipolar prosthesis.		
35	Uncemented Imported Modular Bipolar prosthesis		
36	Cemented Indian Modular bipolar prosthesis with bone cement with cement gun and restrictor.		
37	Femur interlocking nail with bolts all sizes		

38	Supracondylar femur nail with bolts all sizes		
39	Distal femur locking plates (Lateral / medial) with screws.		
40	Condylar distal femoral plates with screws		
41	Tibia interlocking nails with bolts all sizes		
42	Expert tibia interlocking nails with bolts all sizes		
43	Proximal tibia locking plates all types with screws		
44	Proximal tibia non locking plates all types with screws		
45	Distal Tibia locking plates all types with screws		
46	Distal tibia non locking plates with screws		
47	Fibula locking anatomical plates with screws		
48	Rush nail all Sizes		
49	Semi Tubular plates and 1/3 tubular plates with screws		
50	Herbert screws (2.4,2.7,3.5) all sizes		
51	Cancellous screws 4mm with washer all types (partially threaded, fully threaded,solid,cannulated)		
52	Cancellous Screws 6.5mm with washer all types (partially threaded, fully threaded,solid,cannulated)		
53	Malleolar screws all Sizes		
54	Spiked washer		
55	TBW set-(Tension band wiring for patella fracture, Olecranon fracture and medial malleolus fracture) k wires (10 each) and ss wires (all sizes)		

56	AO External fixator lower limb (16 schanz pins, 6 rods, 20 clamps, 4 rod to rod clamps, 4 denhanm pins, 2 T clamps, 4 steinman pins)		
57	AO type external fixator for upper limb (4 rods , 10 pins , 16 clamps)		
58	Jess fixator (4 curved rods,8 schanz pins, 3 rods, 8 clampsm,2 rod to rod clamps, 2 denhanm pins, 1T clamps, 3 steinman pins)		
59	Illizarov fixator complete set (All types and length of clamps and rail to be supplied)		
60	LRS (All types and length of clamps and rail to be supplied)		
61	TSF (Taylor spatial frame)		
62	TENS nail (All sizes)		
63	J nail (All sizes)		
64	V nail (All sizes)		
65	K nail (All sizes)		
66	Enders nail (All sizes)		
67	Steinman pins (All sizes)		
68	Calcaneal locking and non locking plates with 3.5mm with screws all types		
69	Bone cement (PALACOS/SIMPLEX 20gm)		
70	Bone cement (PALACOS/SIMPLEX 40gm)		
71	Bone cement with antibiotic (PALACOS/SIMPLEX 20gm)		
72	Bone cement with antibiotic (PALACOS/SIMPLEX 40gm)		
73	G bone		
74	HTO plates (puddu plates) (All sizes)		

75	HTO plates (TOMOFIX) (all Sizes)		
76	Charnley Clamps for arthrodesis with Steinman pins, dunhem's pins		
77	Shoulder Hemiarthroplasty prosthesis (neer's prosthesis)(modular stem and head with cement)		
78	Bone staples (small, medium, large)		
79	Special Pelvic Plates		
80	Multi locking Humeral Nail		
81	Tibia femoral/ Knee arthrodesis nail		
82	Ankle arthrodesis (TTC)nail		
83	7mm cannulated cancellous screws fully threaded All sizes with washer for pelvis		
84	Tibia Tip interlocking nail with 4 locking bolts.		
85	Sinus tarsi plate		
86	Suprapatellar Nail with locking bolts		
87	PFN with TSP		
88	Only TSP		
89	2.7mm foot and hand, plates all sizes and shapes with screws		
90	Pubic symphysis curved locking plates.		
91	Pubic symphysis curved nonlocking plates		
92	Wrist fusion plate		
93	Pediatric DHS 120°-150 screw with plate all sizes		
94	'8' Plates (all sizes) with screws		
95	FD telescopy rod system with instrumentation set		
96	Periprosthetic Proximal femur plate with cables & VA locking attachment plate with screws		
97	Periprosthetic Distal femur plate with cables & VA		

	locking attachment plate with screws		
98	A0 type external fixator for upper limb (4 rods , 10 pins , 16 clamps)		
Sr. No	<u>Item Name of Spine</u>		
1	One ,two and three level cervical plate with screws (Titanium)		
2	Two ,Three level cervical plate with screws with cylindrical mesh cage , PEEK cage, expandable cage (Titanium)		
3	4 lateral mass screws with two rods		
4	6 lateral mass screws with two rods with cross link		
5	Occipito-vertebral fixation system (occipital plate with 4 occipital screws and 2 rod connectors with 4 lateral mass screws and 2 occipital cervical rods)		
6	Artificial cervical disc small, medium, large		
7	Odontoid fixation screw titanium with washer All sizes		
11	Titanium 8 or 9 pedicle screws and 2 rods with interlink (Long segment fixation)		
12	Titanium 8 or 9 pedicle screws and 2 rods with Mesh / bullet /banana / expandable cage with interlink (Long segment fixation)		
13	Titanium 4 or 5 pedicle screws and 2 connecting rods with interlink (Short segment fixation)		
14	Titanium 20 pedicle screws and 2 connecting rods with pedicle hooks with 2 interlinks		
15	Titanium 20 pedicle screws and 2 connecting rods with laminar hooks with 2 interlinks		
16	Titanium 4 pedicle screws and 2 connecting rods with PEEK TLIF cage with interlink		
17	Paediatric 8 pedicle screws+2 connecting rods with interlink with cage		

18	Paediatric 4 or 5 pedicle screws+2 connecting rods		
19	Minimally invasive spinal fixation system (MIS) 4 screws+ 2 connecting rods with TLIF PEEK cage		
20	Fenestrated pedicle screw for osteoporptic bone ,8 screws+2 rods+1 packet of acrylic bone cement		
21	Fenestrated pedicle screw for osteoporptic bone, 5 screws+2 rods+1 packet of acrylic bone cement		
22	Laminoplasty plates with screws all sizes		
23	Kyphoplasty kit		
24	2.8 mm suture anchors (pre-loaded)		
25	G bone (2 PACKET)		
26	4 lateral mass screws+ 2 rods+2 C1-C2 Spacer cage		
27	Spine radiofrequency probe (disposable)		
28	4 Lateral mass screws with 4 pedicle screws with 2 Tapering cervicodorsal rods with Interlink		
29	Vertebroplasty kit		
30	Anterior cervical stand alone cage with screws		
Sr No	Item Name of Arthroscopy		
1	Interference screws (TATANIUM)		
2	Closed loop Endo button with suture disc		
3	Closed loop Endo button with Titanium Interference screw		
4	Closed loop Endo button with bioabsorbable screw		
5	Button with socket (11mm/14mm/20mm) for meniscus root repair		
6	All inside Meniscus repair suture		
7	Suture Disc (titanium)		
8	Two Bioabsorabale Screws.		

9	Bio screw + Adjustable loop		
10	Suture anchor : PEEK 2.8/3.0/3.5/5.5mm		
11	Suture anchor: Titanium 2.8mm to 3.5mm/5mm to 6.5mm (Loaded)		
12	Knotless Anchor: PEEK 3mm/(5.5mm-6.5mm)		
13	Fiber wire (number 0/2/2-0)		
14	Suture Tape(1.3mm/2mm)		
15	Disposable Suture passer (Shoulder) Right 45 degrees		
16	Disposable Suture passer (Shoulder) Left 45 degree		
17	6mm and 8mm disposable cannula for shoulder arthroscopy		
18	Radiofrequency ablation probe		
19	Titanium spiked washer with screw(4mm/6.5mm)		
20	Flexible fixation device for AC joint		
21	Flexible fixation device for Tibio fibular syndesmosis joint
