

BPMT II THEORY & PRACTICAL PLANNED IN THE MONTH OF
NOVEMBER

THEORY TIME TABLE

SR. No.	Date	Topics
1	07.11.2023	General principles of the methods employed in identifying an unknown isolate
2	14.11.2023	Identification of pathogenic gram-positive cocci by conventional techniques.
3	20.11.2023	Identification of pathogen gram- negative cocci by conventional techniques.
4	27.11.2023	Identification of pathogen gram-positive bacilli by conventional techniques.

PRACTICAL TIME TABLE

SR. No.	Date	Topics
1	02.11.2023	General principles of the methods employed in identifying an unknown isolate
2	09.11.2023	Identification of pathogenic gram-positive cocci by conventional techniques.
3	16.11.2023	Identification of pathogen gram- negative cocci by conventional techniques.
4	23.11.2023	Identification of pathogen gram-positive bacilli by conventional techniques.
5	30.11.2023	Identification of pathogen gram-negative bacilli by conventional techniques.
